Rhinebeck, NY

Continuation from June 4, 2019 Planning Board meeting.

Applicant was not present at meeting. Planning Board reviewed outstanding items regarding this applicant that included the store front window and the dumpster on the property. The dumpster pertains solely to the owner of property and not applicant. ZEO, John Fenton spoke with the owner with respects to the original approvals. Planning Board requested an immediate commitment from owner to resolve the situation. If owner does not move forward with a solution he will be cited. A discussion amongst the Board pertaining to the store front glass window of the Sawkill Furniture Co. was continued. It was suggested to conclude whether the applicant will need to submit an alternative plan. The window has been established slightly longer in height than in width. Planning Board member John Clarke stated his recommendation for this applicant which is to include kick panels at base of window and place a divider down the middle to match the window adjacent to it. Majority of Planning Board agree that building is a non-contributing structure in historic district and window should stay as presented by applicant.

A Motion was made by Timothy Decker and seconded by Michael Ghee to approve the windows as presented.

Planning Board member John Clarke voted no. Window is not compatible with historic district guidelines.

Aye:4 Nay:1 Abstained: 0 **Motion** carried by a 4 to 1 vote.

ZEO, John Fenton will proceed with property owners noncompliance of the approved site plan. Planning Board had stated the property owner has history of violating the approved site plans by Planning Board.
