Good Morning Regina,

Thank you for taking time to prepare and send the email below. I have copied Village Clerk Patricia Coon.

Pat,

May I please ask that Regina's note be included in "Correspondence". I will certainly include it during my monthly Department Report when the Board meets in October.

John

Subject: NEIGHBORS FOR NEIGHBORS MEETING, WELLS MANOR

Dear John, Thank you for coming out to the Wells Manor Neighbors for Neighbor's meeting on September 22, 2019 to speak about the ongoing odor from the Waste Water Sewage Treatment Plant. Your generosity with time and your heart felt concern were greatly appreciated.

After your detailed explanation of what measures had been tried to suppress the odor by using two filters, we reported that the problem continues. The odor is on and off with degrees of intensity.

We ask that you continue to appeal to The Village Board of Rhinebeck to further look into the matter. This problematic situation is far from being resolved. The odor affects our health and our quality of life.

Please share this email with The Rhinebeck Village Board of Trustees.

Sincerely yours,

Wells Manor Neighbors for Neighbors, NFN

THANK YOU RHINEBECK !!!!!!!

My wife and I came to Rhinebeck 40 years ago as a nurse and a pharmacy intern. Thanks to a wonderfully warm and welcoming community decided to make it our home and a place for professional careers. It has been a personal as well as professional pleasure to serve and get to know everyone.

I would especially like to thank my past partners, employees and related staff at Northern Dutchess Pharmacy as well as the CVS staff for tirelessly and patiently supporting me. I cannot express enough how much a team effort it has been. I have worked with the most conscientious and hard working group of individuals not to mention how much fun they have made the hard work.

It is with regret and excitement to announce my retirement and start a new chapter in my life.

Practicing pharmacy in Rhinebeck has made everyone part of my extended family. I hope to keep in touch with everyone in the future and if I don't see you in town here is my cell phone # 845-750-9015, and E-mail walt3939@yahoo.com

THANK YOU AGAIN EVERYONE

Your pharmacist and friend Walter
