

12/9/20 4:10 PM

Gary,

I just wanted to touch base with you about a few topics from the 12/8/2020 Village Board Meeting. First, thank you for adjusting the agenda order of the meeting. It's helpful to constituents to have the Board address matters that require voting prior to committee reports.

Also, I really appreciate that you took the time to familiarize yourself with the workings of the leaf truck and mentioned you spent time with the driver to observe the pickup process. I believe you're not really on the committee that oversees the truck.

Lastly, I know the link sent to the community by the Village Board, as well as the link from the Village website doesn't always work, but logging in through Facebook has. I don't think community at large realizes this. Additionally, being able to ask a board member or guest speaker information and receive an answer, unlike the Facebook venue, is a huge, huge improvement. I realize I complained a few times and I am thankful for the change.

Thank you,

Kathleen Evans
