Ric,

Thank you for your response. I hope you're enjoying your vacation.

Perhaps I am the first to write about the interrupted service but I would doubt I'm the only one!

Regarding the Zoom bombing, I understand initially that was a concern but I believe security issues were addressed months ago and no longer pose a problem. Isn't the additional software required for Zoom an app installed on your device? At this point many people have already participated in a Zoom call.

As to public input, the last Town of Rhinebeck Town Board meeting had public input from some Wells Manor residents. If you're interested in viewing it's about 19 minutes into the 8/10/2020 meeting. I did view their meeting today and it appeared to be a Zoom meeting moderated superbly by their supervisor, not a hired moderator.

Thank you,  
Kathleen Evans
