**TOWN OF WAYLAND**  
**ANNUAL TOWN MEETING**  
**APRIL 9, 2012**  
**REVISED FINANCE COMMITTEE REPORT**

To the Residents of Wayland:

Since the Warrant went to print, the Finance Committee has received new information twice and as a result has revised the FY2013 recommended budget.

On March 28, 2012, the Finance Committee voted to reconsider the operating budget in light of new information. After considering the new information, the Finance Committee voted to reduce the FY2013 Operating Budget request by \$2,335,571 by adjusting the pension (Retirement) and OPEB (Unclassified: Insurance 32B) budget requests to the actuarially suggested amounts. The net effect is to reduce the Retirement contribution by \$1,450,571 and the OPEB contribution by \$885,000. The two changes are shown on the next page in the same format as the operating budget in Article 8, page 53 and are supplemental to the information provided in the Warrant.

On April 5, 2012, the Finance Committee voted to reconsider both the operating and capital budgets based on new information. First, we reconsidered the funding source for the Middle School roof capital request. We learned that there was borrowing capacity within the tax levy, so this borrowing could be accomplished without a debt exclusion vote. The Finance Committee voted 3-2 to fund the Middle School roof with borrowing rather than free cash. Additionally, on Monday, April 2, the Board of Assessors voted to release \$1,348,000 to the Overlay Surplus account. With this new information, the Finance Committee reconsidered the source of funding for the FY2013 operating budget. By a vote of 4-0-1, the Committee decided to apply an additional \$1,500,000 free cash and \$1,300,000 overlay surplus to the FY2013 operating budget. The Finance Committee recommends the revised FY2013 operating budget with a vote of 4-0-1.

In total, for a FY2013 operating budget of \$66,949,951, the Finance Committee recommends appropriating \$4,800,000 in free cash and \$1,720,000 from the overlay reserve account for a total of \$6.52 million or approximately 10%. All of these changes will result in a tax decrease of approximately 4.55% or about \$510 less per average house valued at \$600,000. The resulting tax rate is estimated at \$18.15.

In implementing these changes, the Finance Committee focused on two of eight strategy points as reported in the Warrant on page 5:

- Continue to address the long-term liabilities of pension and other post-employment benefits (OPEB) and to continue to control healthcare costs
- Maintain free cash at a target of 7.5% of the operating budget for future flexibility

Looking forward to FY2014, the Finance Committee estimates a tax increase of about 10% to maintain a level budget (not level services), with no COLA increases for staff. The percentage increase is so relatively high because we will not have another \$6.5 million of cash to apply to the operating budget next year. However, no Proposition 2 ½ override will be required. Further, this percentage increase does not take into account any tax increase due to a debt exclusion for a new DPW building or other capital items.

The tables and information on the following pages update the information in your Warrant. Page references to the original information are provided for cross-referencing.

NOTES

- (1) FinCom voted on 3-28-12 to increase by \$100,000.
- (2) FinCom voted 3-28-12 to appropriate \$420,000.
- (3) Assessors voted to release an additional \$1,348,000 on 4-2-12; \$1.3 million appropriated.
- (4) New information from the SC meeting on 3-26-12.
- (5) Includes \$545,946 of SC revolving funds turnback; new info 3-26-12.

The Finance Committee's goal is to have free cash certified at approximately 7.5% of operating budget. Estimating balances of cash is not an exact science. Based on our best information and assuming all the

Town meeting articles are approved, the Finance Committee projects free cash to be at \$4.9 million or 7.2% of budget as of June 30, 2012. Depending upon a number of factors, it is possible that the cash balance could be as low as \$2.3 million or 3.4% of budget.

**Tax Impact**

For FY2013, on average, property taxes will decrease by approximately 4.55%, or \$510 per household based upon an average house value of \$600,000.

**Financial Charts**

As a result of making these operating budget and funding source changes, the charts in the Warrant required updating and are shown below.

**Due to an unexpected prolongation of Town Meeting, Electronic voting was only used for the first four (4) nights and, on the last night of Town Meeting; the standard voice count procedure was put in place.**

### **HOW TO VOTE ELECTRONICALLY**

At last year's Annual Town Meeting, Wayland's citizens pioneered the use of wireless electronic voting. Instead of shouting out *Aye* or *No*, raising our hands, or standing to be counted, we used electronic handsets to register our votes quickly, accurately, and privately.

Over the course of two sessions, we voted 37 times; 10 of those votes were so close that without electronic voting, we'd likely have spent hours in standing counts. Instead, we averaged slightly more than one minute per vote. Citizens supported the combination of speed, accuracy, and privacy that electronic voting provided, so once again we will be voting electronically at our spring Town Meeting.

The handsets look a bit like a TV remote control, but instead of pushing buttons to change channels, we push buttons to vote: the 1 button for *Aye*, or the 2 button for *No*. Your vote is displayed on your handset's screen and wirelessly transmitted to a computer that counts votes and displays results for the Moderator to announce. Nothing but these totals is permanently recorded, so your vote will remain private.

Because the new High School's parking capacity is still limited, this year's Annual Town Meeting will be held in the Middle School's Gymnasium and Auditorium. We will be using the north end of the Gym as a check-in area; as in past Town Meetings, check-in will be organized alphabetically by last name. As you are checking in, you'll be issued a handset for your use during that session.

Before each vote, the Moderator will summarize the motion or amendment being decided. He will then announce the beginning of a 30 second interval during which you can convey your vote, and a "voting light" near the Moderator will be illuminated. To vote *Aye*, push your handset's 1 button. To vote *No*, push your handset's 2 button. If you accidentally push the wrong button, you can change your vote by pushing the correct button. If you don't want to participate in a particular vote, don't push any buttons during the 30 second voting interval; if you accidentally push the 1 button or the 2 button, you can change your vote to *Abstain* by pushing the 3 button. When the 30 second interval is over, the "voting lamp" will be extinguished, and the Moderator will announce that the vote is complete; shortly thereafter, the Moderator will announce the results.

If you inadvertently turn your handset off by pushing the power button in its lower-right corner; push this button again to turn your handset back on. Pushing any of your handset's other buttons during the voting interval will not change your vote, but for peace of mind, your handset will encourage you to *Re-Vote*; push the 1 button for *Aye* or the 2 button for *No*.

If you leave your seat during the meeting, please keep your handset with you. When you leave the Middle School - either during a session or at the close of a session - please place your handset in one of the boxes at each building exit. If you forget to turn in your handset, we'll give you a call the next day and ask you to return it.

Every handset will be tested before each session of Town Meeting, so the probability of a handset failing is very low. That said, if pushing your handset's 1 button or 2 button during a

vote does not produce an *Aye* or *No* on its display, please raise your hand; a Teller will quickly provide you with a paper ballot to record your vote, and you'll be issued a new handset. We don't expect this to happen, but like the Boy Scouts, we'll be prepared.

If we have a good turnout, then arriving voters will be seated in the Auditorium after the Gym is full. The colored dot on the front of your handset will indicate the room in which you're seated: a red dot for the Gym and a green dot for the Auditorium. You'll only be able to vote if you are seated in the correct room. To be sure you can sit together with family or friends, plan to check-in around the same time.

If you are physically unable to use a handset to vote, inform the person who checks you in, and you'll be seated in an area where your votes will be manually counted by Tellers. If you're wondering how much radio energy is used by a handset to convey your vote wirelessly, it's less than 1 % that of a typical cell phone and only for brief instants, employing the same frequencies used for Wi-Fi wireless internet access.

<b>ARTICLE 10: AMEND ZONING BYLAW: DEFINITION OF REFUSE DISPOSAL DISTRICT</b>
---

*Proposed by: Planning Board*

To determine whether the Town will vote to amend Chapter 198 of the Code of the Town of Wayland, the Zoning Bylaw of the Town, by making the following amendments:

By adding the following language under Article 12 Refuse Disposal District:

By amending the Table of Dimensional Requirements Refuse Disposal District by increasing the minimum side yard setback from 15' to 75' and to insert a building height restriction of 35' where none exists.

**PLANNING BOARD REPORT:** This article seeks to add, in the Refuse Disposal District, the additional use of a Public Works facility that could include an office and associated structures used primarily for the parking, storage, maintenance and repair of vehicles owned or leased by the Town of

Wayland. The article does not approve or directly allow this facility to be built but rather enables the district to be used for this purpose if the Town of Wayland, in the future, votes for its construction. *Proposed by: Planning Board*

To determine whether the Town will vote to amend Chapter 198 of the Code of the Town of Wayland, the Zoning Bylaw of the Town, by making and inserting the following amendments:

## DESIGN REVIEW BOARD § 198-508

508.1. Design Review Board establishment and membership- A Design Review Board is hereby established. Said Design Review Board shall consist of five (5) members who shall be appointed by the Planning Board based on the criteria contained herein. Members of the Design Review Board shall include, where possible and in order of preference, an architect; a landscape architect; a member of the Planning Board or designee; a resident who is an owner of a business in Wayland; and a graphic designer. Members shall serve for three (3) years or until their successors are appointed.

508.2 Purpose- The purpose of the Design Review Board is to issue an advisory opinion to the Building Commissioner, Special Permit Granting Authority, Board of Appeals and/or the Planning Board based on design guidelines that enhance, protect and promote development consistent with Wayland's Master Plan. Decisions of the Design Review Board shall be by a simple majority and no final action shall be taken without the concurrence of at least three (3) members.

508.3. Organization - The Design Review Board shall elect from among its members a Chairman, Vice-Chairman and a Clerk. Each officer shall serve for a term of one (1) year. The Design Review Board shall adopt rules and design guidelines as are necessary for the conduct of its responsibilities and shall publish and make available to the public design guidelines, advisory opinions rendered, and records of proceedings showing the vote on each opinion.

508.4. Authority and specific powers - All applications for building permits, site plan approval, special permits or variances for all non-residential uses involving new construction and all commercial signs shall be submitted to the Design Review Board concurrently, or earlier, with the submission to the decision making authority via the inclusion of one (1) additional set of all usual submittals required for such proposal. The Design Review Board review shall preferably be done in consultation with the applicant and their designer. A written advisory opinion must be made within (30) days after filing a complete application or such further time as the applicant may in writing allow to the administering Board (i.e. Board of Appeals, Planning Board). Lack of a report from the Design Review Board shall not be a sufficient reason to delay action on a submitted proposal.

All decisions, comments and reports of the Design Review Board shall be advisory only.

**PLANNING BOARD REPORT:** This article seeks to establish a Design Review Board with an advisory ruling capacity and the following specific responsibilities within commercial areas:

- Provide design direction to applicants, designers and decision makers.
- Foster attractive and functional design solutions that directly address life, work and recreation needs and growth.
- Preserve and enhance the character and quality of Wayland by particularly maintaining the integrity of areas that have special character and or significance.
- Establish and solidify a character as it relates to building design and amenities that will echo through the community as a Wayland stature.
- Provide a forum for the exchange of design ideas and approaches so that a flexible application of design guidelines and standards may be permitted as a refinement of established standards.

The Design Review Board is also intended to facilitate an expeditious project review process for applicants, helping them to anticipate major design issues and proposing design solutions at the earliest

To determine whether the Town will vote to amend Chapter 198 of the Code of the Town of Wayland, the Zoning Bylaw of the Town, by making the following amendment:

**Delete existing Section 198-1102.1.4.1.7 governing Auto service stations:**

Driveways shall be paved and join the street and cross sidewalks at right angles; shall not be more than 24 feet nor less than 10 feet wide at any point; shall be at least 10 feet from any lot line and 20 feet from the intersection of street lot lines; and shall be at least 20 feet apart. No more than two driveways may be permitted for each 100 feet of street frontage. Where approval by the Mass DOT is required in connection with driveway openings onto state highways, the prior provisions of this § 198-1102.1.4.1.7 shall be waived, and the regulations of MassDOT shall be applicable.

**Insert a new Section 198-1102.1.4.1.7:**

Driveways shall be paved and join the street and cross sidewalks at right angles; shall not be more than 24 feet nor less than 10 feet wide at any point; shall be at least 10 feet from any lot line and 20 feet from the intersection of street lot lines; and shall be at least 20 feet apart. No more than two driveways shall be permitted for each 100 feet of street frontage. Notwithstanding the foregoing, the widths, setbacks and distances in this provision may be increased or reduced by Special Permit from the Zoning Board of Appeals in accordance with § 198-203.1 or, where applicable, by Special Permit by the Site Plan Approval Granting Authority as determined in accordance with § 198-603. Where approval by the Massachusetts Department of Transportation (MassDOT) is required in connection with driveway openings onto state highways, the prior provisions of this § 198-1102.1.4.1.7 shall be waived, and the regulations of MassDOT shall be applicable.

**PLANNING BOARD REPORT:** This article fundamentally seeks to amend the current zoning bylaw to change an auto service stations need to seek a variance to be able to sell specified non-automotive products and replace it with a special permit requirement to sell the proposed merchandise list. The article also seeks to grant the applicant special permit flexibility relating to driveway widths, setbacks and distances. The Planning Board recommends approval. Vote: 4-1.
