DESIGN, PLANS, PROJECT MANUAL, BIDDING, AND CONSTRUCTION
PHASE SERVICES

PROJECT NO.: 11-222-09

SECTION 1 SCOPE OF PROFESSIONAL SERVICES

This task order is for engineering services to be performed by GONZALEZ COMPANIES L.L.C. (ENGINEER) for the CITY OF WARRENTON, MO (CITY) related to the design of two bored and cased crossings of Interstate Highway 70; one at Steinhagen Drive and the second at North Market Street complete with preparation of MoDOT permits applications. The project will include the 12” carrier pipe with casing spacers and end seals and connections to the existing water distribution system. The services include surveying, identification of Highway Right of Way and adjacent property owners as well as the preparation of easement documents, if necessary.

A. DATA GATHERING AND SURVEY

ENGINEER will request MoDOT plans of the interstate in the area of the proposed crossings, obtain property ownership of properties adjacent to the work area, obtain copies of known or recorded existing easements, perform field survey sufficient to prepare designs of the crossings, presence of other field located utilities in the and the development of survey plat and field information to be used to prepare the project documents. If necessary, up to four easements will be prepared consisting of the legal description and Exhibit “A” for recording.

B. DESIGN AND PROJECT DOCUMENTS

ENGINEER will prepare bid quality project documents, including plans and project manual containing contract provisions and specifications. These documents will be submitted to MoDOT for permitting. Submittal to MDNR will be made as part of the Supervised Program for notification and approval. ENGINEER will provide 10 sets of documents for bidding.

C. BIDDING ASSISTANCE

ENGINEER will assist the City in advertising for qualified bids, answer questions during bidding and issue Addenda as necessary. ENGINEER will attend the bid opening and prepare a bid tabulation of the received bids and provide a letter of recommendation to the City.

D. CONSTRUCTION ADMINISTRATION

ENGINEER will prepare the construction contract for the selected contractor and Notice of Award to the successful bidder selected by the City, prepare Notice to Proceed, attend the preconstruction conference, review shop drawings and product literature, respond to contractor requests for information (RFI), prepare change orders as necessary, review contractor payment applications, attend monthly progress meetings, and act as the Owner's representative during construction. Perform part-time inspection of the project to determine compliance with the project documents, determine percent completion for contractor payment applications and to assure compliance with MoDOT permit provisions.
